

Mental Health: Toward A Liberation Psychology And Cultural Practice Mindset And Praxis (An Outline)

Kevin A. Sensenig Draft 1.01 2024 August 10

Terms Of Integration And Juxtaposition

There is, in clarity, intersecting terms, the following, as a model (dimension, totality, useful):

positionality
subjectivity
experiential
relational
ontological
epistemological
introspective
individual
community
culture
cosmos

...related to autoethnographic, reflexive, feminist, decolonial psychology and realizations; and liberation psychology...

Comment

The above terms as functioning together in an illuminative way is intuitive to me. I have practiced some Zen. These terms are material and relevant.
